

UPDATE: I have added week 4 to my photos. THANK YOU !!!! I am absolutely thrilled with my results! I could have never imagined that I would be clear of such a persistent problem.

glimpse™

I love Xango's new "glimpse." intuitive skin care! Coming soon!! Nutrition for you skin using xanthone technology.

I have been documenting my weekly progress with test samples of "glimpse". I have had a problem with hyper-pigmentation and sun damage on these areas for years.

I have tried many different products but nothing would really address this. I was just on my way to booking laser treatments and decided to give the samples I received a serious commitment.

Wow, I am impressed!!! The photos say it all. 4 weeks of use! (now 4 weeks later)

Glimpse, introduced by Xango is completely toxic free, totally green and performance driven. No one else has this technology, Xango leads the way for those who are looking for an effective skin care. This product is not even available for order yet, but get ready for "glimpse"!

If you love Xango you will love "glimpse"!

Thanks ,
Grace Dyck
